

### Temperature and Rapid Antigen Test Record Sheet

- Parents have to check the body temperature of students and request them to take rapid antigen test every day before returning to school campus. Students have to submit this form with parents' signatures to school for checking. **If students fail to do so, school will request parents to come to school to help students with rapid antigen testing or pick them up. Please note that school will not arrange students to take rapid antigen test.**
- If a student has tested positive, he/she is not allowed to attend school and he/she has to stay at home. Parents should report the positive test case to the Health Department as soon as possible by using 「Declaration System for individuals tested positive for COVID-19 using Rapid Antigen Test」 (<https://www.chp.gov.hk/ratp/>).
- Students recovered from COVID-19 do not need to take rapid antigen test within 3 months (counted from the first day of recovery) (Except for those who have symptoms) For those students recovered from COVID-19 who cannot provide the relevant evidence / documents, they still have to take the rapid antigen test every school day.
